SUMMARY

I'm a skilled Frontend Developer who builds web applications that work great and are easy to use. I work with React for frontend interfaces, Node.js for backend systems, and Tailwind CSS for clean, modern designs. I enjoy learning new tools and always aim to create projects that make clients happy.

PROJECTS

B Ash Arts | MERN Stack E-commerce Website

- Developed a fully functional e-commerce platform with user authentication.
- Implemented product upload, CRUD operations, and a personalized admin dashboard.
